Fintan Simon Dunne

Entrepreneur, Software Designer, Journalist, Broadcaster

Bio Highlights 1980's **Business and Technology**

Apple in '80. Joined Apple at the time of **Steve Jobs'** first term at the helm and was inspired by his drive for human factors engineering.

Pioneered with 'Softech' the adoption of Apple personal computers by Irish business and the semi-state sector. Founded own software vendor firm.

By mid-eighties was working for **Adrian Daly**, CEO of Allied Irish Banks' owned **ICI's Life** and Pensions Insurance division – writing software and the providing tech know-how behind Daly's introduction of computers into life brokers offices.

IC Life, built by Daly was later sold to Prudential.

Founded own financial services software firm and designed and wrote an investment portfolio management system for brokers. Rolled out the system to brokers nationwide – with a flawless pre-internet, overnight dial-in to a bank of computers -- downloading the closing bid/offer prices to enable up-to-date client portfolio valuations the following AM.

This system was used by brokers and by National Irish Bank.

Journalism:

During this period was also senior technical journalist/ columnist/ tech editor for the leading Irish computer trade magazine Computerscope.

1990's Intellectual and Social

Deep **research** into quantum physics and fundamental space geometry incl. with Milo Wolff [ex-NASA] on Fuller / Schroedinger-based wave structure of matter hypothesis.

Founded and funded "**Men's Aid**" - Ireland's first male suicide prevention advertising initiative - running national anti-suicide radio adverts and a telephone call-in helpline.

Worked with S.A. president Mbeki's office and with leading biomedical scientists from around the world in a multi-year challenge to the Pharma-derived diagnosis of AIDS and use of anti- retroviral treatments.

2000's on Journalism, Media and Medical

Founded news site **BreakForNews.com** which has had over **70 million** visitors.

2003: Broadcast live independent Iraq War coverage with reporter, Dahr Jamail live from **Baghdad**.

Audio **interviews of scores of academic professionals and experts** from around the globe on a diversity of topics.

A4M - Increasing collaboration with the 20,000-physician, global-reach, **American Academy of Anti-Aging Medicine**. Completed IT projects in the Far East directly for AAAAM founder Dr. **Bob Goldman**, during the Academy's China expansion - operating from a base in **Denpasar, Bali**

Instituted a multi-year medial research project into the causation of western illnesses and their relation to diet. Successfully identified **key dietary triggers**.

Campaign political advisor and media liaison for **Irish First Mothers** - a group of more than 70 women who are the subject of the Mother & Baby Homes Commission of Investigation.

WHAT OTHERS SAY:

"Fintan Dunne is well-spoken, with what seems to be an expansive, nuanced view of world politics."

-- [Kareem Fahim, New York Times, May 25, 2004](#)

"There are reporters, and then there are reporters. Fintan Dunne is the real thing. In a sane world, he would have collected a few heavy journalistic prizes by now. But in a sane world, he would be doing other things."

-- [John Rappoport, April 28, 2003](#)

"Fintan Dunne was one of the most demanding interviews I've done recently - but also one of the most rewarding."

-- [Prof. Scott Lucas, July 1, 2009](#)

"I did an interview yesterday with the fascinating Fintan Dunne."

-- [Prof. Jodi Dean, Hobart Coll., May 5, 2005](#)
